

MikiCat Designs Shipping Policies

Payment:

We accept credit card payments through Paypal or through our secure server. You may also pay by phone or check. Please note that items will not be shipped until your check clears. Florida residents pay 6% tax.

Shipping:

Custom or personalized items will be made upon receipt of payment as cleared funds. Please allow up to one week for production, prior to shipping.

In stock or pre-made ready for immediate shipping, will be sent via USPS First Class within a few business days of receiving your cleared payment.

Please allow 4-6 weeks for delivery before contacting us. Packages are hand delivered to the post office twice a week, after which we assume no responsibility for lost or delayed items if you have not requested insurance. If you would like to insure your package, please message us for an adjusted invoice prior to paying.

Please message us for prices on RUSH orders.

International shipments may take longer to be received and we cannot be responsible for delays as we have no control over Customs, nor control over lost or stolen items, and use only the postal receipt as proof of shipment. If you want Global Priority shipping, please add \$9.00 to your payment.
